1. Based on discussion with [REDACTED] talked to [REDACTED] concerning the request of General Partridge that provision be made for mobilization assignments in CIA of reserve officers on the G-2 staff. DD/A had drafted a proposed reply approving the plan which the DCI had returned unsigned with the question as to whether it was not possible to fulfill the request. [REDACTED]

[REDACTED] agreed that on an individual case basis that the security problems could be overcome and that appropriate provision could be made, at least in DD/I and DD/A, for such assignments. As additional study of the question did not appear necessary, [REDACTED] agreed to draft an appropriate letter for DCI's signature to General Partridge, offering to co-operate in the plan. He agreed to secure our concurrence in the letter prior to its referral to the DCI. It would then be the responsibility of [REDACTED] to work out the detailed implementation of the arrangements.

2. Attended another in the series of discussions being conducted by the Personnel Office covering various personnel functions. The topic of separations was discussed with special emphasis on the requirements for effecting separations for cause. The discussion was well attended by administrative personnel from the DD/I offices as has been true of previous meetings in the series. These sessions have been most helpful in creating a better understanding between the Office of Personnel and the operating offices.
